### Routt Republicans Endorse Haggott

Complete harmony prevailed in the republican ranks at Hayden yesterday when delegates from various precincts in the county met for the purpose of selecting eight delegates to the state and congressional conventions at Pueblo on the 28th. There were no contests in any of the precincts.

The convention was called to order at 2 p. m. by County Chairman W. B. Wiley and J. M. Whetstone of Hayden and C. S. Merrill of Craig were chosen chairman and secretary of the convention. J. A. Coulter of Craig, D. P. Wilson of Steamboat and J. V. Solandt of Hayden were appointed as a committee on resolutions and reported as follows.

We, the republicans of Routt county in delegate convention assembled, congratulate the republicans of this county upon the splendid condition and record of the party in the state and nation. The great administration of President Roosevelt commends enthusiastic admiration and we recognize in him a worthy successor to Lincoln, Garfield and McKinley. We appreciate the fearlessness of our leader in abandoning the dead issues of the past and in grappling with the gigantic evils of the present.

We believe it will be to the best interests of our country if the policies inaugurated by President Roosevelt be continued, and this continuance will best be secured by the nomination and election of a man thoroughly conversant and in sympathy with these policies and we therefore endorse for the exalted position the Hon. William H. Taft.

We endorse the clean and able state administration of Gov. Buchtel as being one of the best and most satisfactory to the people in the memory of Colorado.

We endorse the local option law enacted by the last legislature and heartily support its principles as being just, fair, a protection to our homes and in harmony with the spirit of our constitution and principles of civil government.

We favor reasonable public improvements economically carried forward, free from graft in the interest of the taxpayers and only so fast as a growing and prosperous county demands and the majority of the people are willing to pay, and suggest the policy of not levying excessive taxes when our county is now free from debt creating a revenue of the people's money to be deposited in the various banks of the county, and by them loaned out at extravagant rates of interest and that the taxpayers do not receive any benefit from the same.

We further recommend to the succeeding republican convention that it use their best judgment in the selection of a county ticket who will serve the interest of the

people of Routt county as the present incumbents have done, showing that Routt county is the only county in the state that is free from debt with thousands to its credit.

Resolved that this convention recognize the faithful services rendered by the Representatives Geo. W. Cook and Warren A. Haggott in congress and at the proper time recommend their re-nomination as members of the 61st congress of the United States.

The report of the committee was adopted unanimously. The convention then selected the following delegates to attend the Pueblo convention: James Whetstone, C. A. Purinton, W. F. Teagarden, E. D. Smith, W. T. Laramore, L. D. Campbell, E. H. Godfrey and F. A. Metcalf.

Owing to the recent formation of the new Oak Creek voting precinct, the convention by vote decided to allow the precinct in the coming county convention one delegate at large and one other delegate, and that Egeria precinct be reduced one delegate, as this precinct was cut off from Egeria.

### Some Business Changes

New deals all around this week. Rolla Kellogg and Frank Bower, who have had charge of the McLachlan saw mill under lease, have given up their lease and the mill will be run this season by Mr. McLachlan himself, and now Archie is happy once more.

Rolla Kellogg goes to Axial this week to take charge of the Hugus & Co. store at that place, and the post office which will be moved in with the store. Mrs. Kellogg will remain in Craig until school closes. While we regret to see Mr. and Mrs. Kellogg leave Craig, yet we realize the company could not have made a better selection for their Axial manager, and the Courier wishes him the best of success in his new position. Frank Bower will resume his former position at the mill with Mr. McLachlan.

Last week Range Rider Hurd and a representative of the mill looked over the government timber near the mill site and determined on the sale of 600,000 feet, which it is expected the mill will cut up this summer, together with some 100,000 feet yet standing on Mr. McLachlan's land, making in all about a million feet.

It is rumored that E. D. Smith of Hayden will move his mill to within three or four miles of the McLachlan mill, and will build a road from it to the Craig road. If this is done, Craig should not remain long in want of timber to build with.

## CRAIG IS TO BE A CITY

By a Two-To-One Vote the People of Craig Decide to Incorporate the Town

### GETS READY FOR THE RAILROAD BOOM

On Tuesday, April 21st, Craig decided to incorporate, the vote being nearly two to one in favor of the move. A total of 119 votes were cast, 79 for incorporation and 40 against. The move was started two years ago but at that time was considered a little premature and was not pushed to a vote. Now, the unusual activity along the Moffat line and the generally bright prospects for the town of Craig have convinced most of the people that the time has come when the town should govern itself. The next move will be the election of officers which will probably take place the latter part of May or early in June. This is the serious part of incorporating, and the people must see to it that our officers are elected from the substantial business men of the town, and no man should shirk the duties thrust upon him. Let our motto be: "WORK FOR CRAIG'S BEST INTERESTS. AND WORK ALL THE TIME."

Miss Lighthizer, county superintendent of schools, visited the South Side school Tuesday, the last day of the term.

All four of the eighth grade pupils of the South Side school passed the final examination. The highest averages were those of Rodney Tucker, whose average was 94, and Olive Van Tassel, 92.

Last Thursday a little girl was born to Mr. and Mrs. Steve Boyce but lived only a few hours. It was buried Friday in the Craig cemetery. The shock was so great to Mrs. Boyce that she is in a very delicate condition.

W. H. Carson, a grandson of Mr. Rose, is visiting him. Mr. Carson comes from Kansas City. He was in Craig once before, but as he was then less than six months old he doesn't remember a great deal about the town and has apparently forgotten his old acquaintances.

The Cedar Mountain Lodge No. 104, I. O. O. F., has completed arrangements for a grand blow-out next Saturday evening. A fine program has been arranged and nothing left undone to make this event a most enjoyable one. All Odd Fellows, their families and sweethearts are cordially requested to attend. Visiting Odd Fellows are also invited to be present and help celebrate this annual anniversary.

Miss Grace Peck, the Craig Orchestra and the Sagebrush Orioles will make up one of the most interesting programs ever given in Craig, Thursday, April 30th. Seats at the Craig Pharmacy.

Dr. Leach went to Hayden Monday on a business trip. Dr. Leach is hard at work on the South Side irrigation project which promises to be one of the greatest boosters for both Hayden and Craig that has yet been considered in the way of development.

Judge Coulter moves his law office this week from the Bank building to the next door west of the Royal hotel. Judge Wiley intends moving soon, and occupying a part of the Teagarden block. These changes have been made necessary by the demand for rooms at the Webb hotel, located in the Bank building.

W. H. Webb, a brother-in-law of the popular hostess at the Webb hotel, and Fred Gardner arrived last week from Longmont, Colo., and intend locating in this vicinity.

While in Omaha last winter, Miss Grace Peck gave a very successful recital. Come to hear her at the Craig opera house Thursday, April 30th, assisted by the "Orioles."

Clyde Jackson went to Steamboat yesterday to take the civil services examination preparatory to entering the forest service. Ray and Ed Peck of Hayden will also try the examination.

Charley Perry, an old time prospector, is stopping at the Ducey ranch, visiting W. P. Miller. He expects to locate in the Big Gulch country and will try his hand at prospecting in the placer fields near there.

E. D. Smith, the Hayden sawmill man, is preparing to put the mill on Black mountain and will build a road to Craig to furnish this locality with building material. Mr. Smith has two million feet of timber engaged for cutting.

A letter dated April 15th from Henry Templeton at Maybell gives us some idea of what spring is doing for the people in that valley. Mr. Templeton says the cherries and plums are just bursting their buds, gooseberries and currants are leafing, the grain is all planted and coming up, and crews are busy cleaning ditches preparatory to irrigation. The Maybell valley is one of the most summery places in Routt county and we predict it will not be long before it will be supplying the balance of the county with the front and tender garden "sass."

Miss Anna Bailey, the Maybell school teacher, writes us that there was a slight error made in Maybell notes in stating that the pupils prepared the school entertainment program themselves. No doubt the error was altogether unintentional on the part of our correspondent. Miss Bailey gives much of the credit to Mrs. Cash Templeton and Mrs. Hiram Grinstead for the success of her "last day" entertainment. The article referred to by Miss Bailey was no doubt intended by our correspondent to encourage the pupils of the school in their work, and could hardly be considered as a reflection on anyone. Why, even the Courier editor himself lordly creature that he is, sometimes makes a mistake.

### Craig Wins High School Debate

The decision of the judges Saturday night awarded the debate to the negative, or Craig, side of the question; Resolved, That the government should own and operate the railroads. The decision was by a very close margin and both schools did themselves proud in their endeavors to win. The debaters were: Hayden Miss Ethel Wood, Wolcott Hooker and Everet Adair; Craig Willie White, Leon Breeze and Ralph White. With the exception of Ralph White and the rebuttal by Wolcott Hooker, the speeches were carefully prepared beforehand. Those two boys did remarkably well in their extemporaneous efforts.

Both schools have reason to feel proud of their representatives.

The judges were Mrs. J. G. McLaughlin, Mrs. H. B. Peck, Mrs. J. J. Jones, J. A. Coulter, Dr. Peteher and W. H. Rose.

The program rendered giving diversion from the logic of the debaters, was a very pleasant one, and the audience seemed to thoroughly enjoy it. Good work in entertaining was done by the two male quartettes, Oliver Tayler with his paper and the farce. The paper was unusually lively for a school paper and caused much merriment.

The next debate will be held about a year from this time at Hayden, and then it will be up to Craig to defeat the Hayden orators on their own grounds.

### Advertise in the Courier

As proof that the Courier is what we have claimed it to be, the best advertising medium in Routt county, we have at hand a letter from Mitchell's Pharmacy in Steamboat relative to the answers received from the "Sweet Pea" ad run in each of the county papers. The following shows the percentage of results obtained from each of the papers:

Craig Courier, 45 per cent.  
Yampa Leader, 19 per cent.  
Hayden Republican, 12 per cent.  
Steamboat Pilot, 12 per cent.  
Steamboat Centinel, 12 per cent.

### Ball Game in Uniform

The new C. M. A. base ball suits are expected in early next week and a game has been matched between that team and the Craig Regulars for Sunday afternoon, May 8th, at 2 p.m., No C. M. A.'s will be played on the regular team. This should make a good game and a very pretty one, with the players completely uniformed in red, white and blue.

last week to get his father, J. C.  
McKay, who spent winter with the  
relatives at Arvada. Mr. McKay is  
said to be somewhat improved in  
health.

Charley Temple was in town last  
week and reports purchasing the  
entire bunch of cattle belonging to  
Joseph Haubrich and sons. He will  
move them to his ranch east of Craig  
in a short time.

Rolla Kellogg and Range Rider  
Hurd went to the woods near the  
McLachlan mill Monday to select  
timber for the use of the mill this  
season. Kellogg & Boer will run the  
mill and expect to keep things mov-  
ing and stay ahead of the demand if  
possible.

D. H. Moffat is considering the use  
of electricity to haul his trains over  
the main range instead tunneling  
through. The electricity could be fur-

company and would be generated at  
Gore canon near Kremmling.

Michael Lyons was over from the  
South Fork the first of the week to  
file on his ranch before Commissioner  
Rose. Mr. Lyon's place was included  
within the White River National for-  
est reserve and only recently was he  
successful in getting it thrown out  
of the reserve and opened for entry  
although he has occupied it for sev-  
eral years.

Our efficient county clerk, Grant  
Haughey, was called to Craig this  
week by the illness of his mother.  
He was glad to get off the Peak once  
more and enjoy a few days of sum-  
mer weather and incidentally  
superintend some surveying for  
his Fortification ranch. Grant  
went to the ranch Tuesday,  
accompanied by Will Finley,  
in order to get proper plats  
on file with the state engineer.  
Grant is looking fit as a fiddle  
and a little grooming will put  
him in shape for the bulliest  
kind of third term race. He fits  
the place so well and has given  
such eminent satisfaction that  
the people would be willing to  
drop the third term prejudice  
and keep him there.

### Camping Out

"Camping in the Rockies and  
Vacation Estimates" is the title of a  
neat little booklet issued recently  
by the passenger department of D.  
& R. G. railroad. It is neatly illus-  
trated and intended to imbue the  
easterner with the "camping out  
fever." It gives interesting descrip-  
tive sketches of many Colorado  
resorts and estimates of the expense  
of a trip to each of them. The  
book is free on application to S. K.  
Hooper, general ticket agent, or Mr.  
Hooper will send them to your east-  
ern friends if you ask him to.

### The Nearest Star.

Sir Robert Ball, writing in the Home  
Messenger, said that if a row of tele-  
graph posts 25,000 miles long were  
erected around the earth at the equator  
and a wire were stretched upon these  
posts for a circuit of 25,000 miles and  
that then the wire he wound no fewer  
than seven times completely about this  
great globe we should then find an elec-  
tric signal sent into the wire at one end,  
would accomplish the seven circuits in  
one second of time. To telegraph, how-  
ever, to the nearest star it would take  
four years before the electricity would  
reach its destination.

### Death Was on His Heels

Jesse P. Morris of Skippers, Va., had  
a close call in the spring of 1906. He  
says: "An attack of pneumonia left me  
so weak and with such a fearful cough  
that my friends declared consumptions  
had me, and death was on my heels.  
Then I was persuaded to try Dr. King's  
New Discovery. It helped me immedi-  
ately, and after taking two and a half  
bottles I was a well man again. I found  
out that New Discovery is the best  
remedy for coughs and lung disease in  
all the world." Sold under guarantee at  
the Craig Hospital Dispensary 50c and  
1\$. Trial bottle free.

### He Got What He Needed

"Nine years ago it looked as if my time  
had come," says Mr. C. Farthing of Mill  
Creek, Ind. Ter. "I was so run down that  
life hung on a very slender thread. It was  
then my druggist recommended Electric  
Bitters. I bought a bottle and I got what  
I needed — strength. I had one foot in  
the grave, but Electric Bitters put it back  
on the turf again, and I've been well ever  
since." Sold under guarantee at the Craig  
Hospital Dispensary. 50c.

That languid, lifeless feeling that comes  
with spring and early summer, can be  
quickly changed to a feeling of buoyancy  
and energy by the judicious use of Dr.  
Shoop's Restorative. The restorative is a  
genuine tonic to tired, run-down nerves,  
and but a few doses is needed to satisfy  
the user that Dr. Shoop's Restorative is  
actually reaching that tired spot. The  
indoor life of winter nearly always leads  
to sluggish bowels, and to a sluggish  
circulation in general. The customary  
lack of the exercise and outdoor air ties  
up the liver, stagnates the kidneys and  
oft-times weakens the heart's action. Use  
Dr. Shoop's Restorative a few weeks and  
all will be changed. A few days test will  
tell you that you are using the right  
remedy. You will easily and surely note  
the change from day to day. Sold by Craig

People are growing somewhat  
careless this spring as to where they  
drive in town. Some of the vacant  
lots and the sidewalks in front of  
them are being cut up. There are  
plenty of streets and alleys and it  
will add greatly to the neatness of  
the town if they are always used  
instead of driving over vacant lots.  
Of course until the town is incor-  
porated this cannot be enforced  
as a law except by owners of the  
property standing guard over it.  
This is one of the numerous small  
items that will need attention as  
soon as the town begins to govern  
itself and strange to relate it won't  
cost anything to do it.

duced. This clever coffee substitute  
was recently produced by Dr. Shoop  
of Racine, Wis. Not a grain of  
real coffee in it either. Dr. Shoop's  
Health Coffee is made from pure  
toasted grains, with malts, nuts,  
etc. Really it would fool an expert  
who might drink it for coffee. No  
20 or 30 minutes tedious boiling.  
"Made in a minute" says the doc-  
tor. Sold by Craig Pharmacy.
